This report was obtained from [redacted] in the Wehrmacht and served in the [redacted] of German-occupied Russia during the war. His reliability is vouched for by an American. The report is said to be the result of a two-week survey made by qualified German engineers. More reports of this type can be obtained from the same source. However, the material is all at least three years old and we have no way of knowing whether or not it would still be of value to you. Before endeavoring to obtain further information from this source we should like to receive an evaluation of this sample and an indication of your interest in further reports of the same type.

The attached report is being forwarded to you on loan. Kindly return it at your earliest convenience.
